Welcome to the unofficial NFL Draft!
Although I know little about football, I tried my best.
But not my best to be funny, because this is serious. I think.

Assigning random winning percentages to the 8 teams competing to pick "great" players.
  Dallas Cowboys won 75.22456% of their games last season.
  San Francisco 49ers won 94.9154% of their games last season.
  Baltimore Ravens won 23.709953% of their games last season.
  Philadelphia Eagles won 89.02508% of their games last season.
  Seattle Seahawks won 34.26974% of their games last season.
  Atlanta Falcons won 89.07246% of their games last season.
  Green Bay Packers won 22.351488% of their games last season.
  Pittsburgh Steelers won 64.782135% of their games last season.

The teams have been sorted by their winning percentages.
  Green Bay Packers won 22.351488% of their games last season.
  Baltimore Ravens won 23.709953% of their games last season.
  Seattle Seahawks won 34.26974% of their games last season.
